

TESTIMONIAL

JF, Hobart, owner of Ben

Ben's beautiful, easy-going temperament has meant that he has adapted to crazy life with two young children without a problem. Ben came to live with us in July 2013, and almost immediately felt like part of our family.

The support we received from Merry prior to bringing Ben home and in the first couple of new puppy weeks was so valuable – it was reassuring to know that we had back up and someone to turn to with our questions.

We have really enjoyed feeding Ben a natural food diet and have found that it is really simple to prepare and fits in well with our lifestyle. We also estimate that it has saved us a considerable amount of money! JF of Hobart (contact details available on request)
