

TESTIMONIAL

AW, Hobart, owner of Gypsy

It would be a pleasure to provide you with a testimonial. I would also be happy for people to meet Gypsy, if they want to meet a 'Merry Dog Listener' puppy in the fluff/flesh.

Gypsy has, and always will be, a free spirit, she is an extremely fast learner and does as she is instructed when needed. When I first bought Gypsy home she wasn't a very cuddly puppy, but over time she is becoming more and more snuggly and enjoys a good hug! Gypsy is extremely friendly towards people of all ages and enjoys nothing more than giving someone a big sloppy lick. At no point has she been or shown signs of being an aggressive animal. With some things she was a giant cream puff but once introduced to them she is happy to be around them.

For the first few weeks Gypsy was in a play pen at night time and quite happy to be in a restricted area. We didn't continue using a crate, but she is quite happy to sit in her kennel when we go out for extended periods.

Receiving the extra resources (*books on Natural Feeding & Dog Listening*) was extremely helpful. Merry supplied me with the books before I bought Gypsy home so I had read up on things in advance which I thought was an extra bonus. The Natural Feeding book was incredibly helpful! I have grown up around dogs and the principles my parents used to train those dogs with are very similar to those of dog listening. Gypsy has always been fed using Natural Feeding principles. My parents have introduced it to their dogs and they seem a lot happier and seem to have more energy.

Merry's before and after sales service was excellent. Merry takes a great deal of interest in making sure her pup's are doing well and that they are happy. I feel that this is an attribute most breeders should have, in the end making sure the dog is happy and healthy is important.

Overall I am very pleased with Gypsy – she has become a spoilt rotten, tv watching couch

potato who loves a great romp in the bush and then relaxing. Basically she has become an amazing dog.

I am happy to provide email information direct to any potential new owners if they would like to hear from a present owner.
