

TESTIMONIAL from KJ, Adelaide Shep's owner

I would, without hesitation, recommend Merry as a breeder, for others seeking a Border Collie puppy, or a young dog.

I love Shep! He is a great dog - good with other dogs and people of all ages including small children and elderly people (including my parents in their late 80s).

I got Shep as an 8 month puppy [Merry had raised him with Dog Listening techniques, house-trained him & provided basic obedience training] and I was a bit hesitant as to how he would adapt. He settled in extremely quickly, and was very responsive to commands. From day one, he has returned to me on call out walking off leash. Being brought up in a family-based pack of older dogs and puppies has made him very friendly to dogs of all ages and he is great at the dog park where he has made a lot of friends (human and canine).

I am absolutely happy with Shep's temperament. On the weekend outside the supermarket someone called him the "world's friendliest dog"!

The crate training was very useful, both for the flight to my home, and for afterwards. He still goes in his crate every day voluntarily. It is now in the back porch.

The video and information on Dog Listening was useful, and I have been implementing the principles. I have used Natural Feeding before, and continue to do so.

I would rate Merry's before and after sales service as 'excellent'.

I am happy to provide email information direct to any potential new owners if they would like to hear from a present owner.

Please do not hesitate to contact Merry on 0417 832 551 for any additional information.
